

MAMJS Maths Week 2023

16th – 20th October 2023

Maths Week Daily Bulletin Day 1 – Monday, 16th October

Welcome to 'MAMJS Maths Week 2023'.

Each day this week, we will share three challenges with you, varied in difficulty, to suit all ages. We will share the previous day's answers to the challenges in this space.

Details around our 'MAMJS Maths Eyes' competition will be shared today and will run until **Wednesday, 15th November**. Further information and ideas can be found here: <https://haveyogotmathseyes.com/who-we-are/>

Challenge 1

I am a number that is bigger than ten.
I am an even number.
Sometimes, my number is the same as the amount of eggs in an egg carton.
If I add 2 to the number of fingers or toes I have, that's me! What number am I?

Challenge 2

I am a number with a couple of friends.
Quarter a dozen and you'll find me close by.
What number am I?

Challenge 3

Tom was asked to paint the number plates on the front doors of 100 apartments, meaning he will have to paint numbers 1 - 100. Can you work out how many times he will have to paint the number 8?
