

Updated Risk Assessment (minimize spread of Covid-19)

August 2020. Ratified by BOM 1st Sept 2020.

The process involved consultation with all school staff.

Methodology used for hazard identification and control

In line with the requirements of Safety, Health and Welfare at Work Act 2005 (section 19) it is the policy of Mount Anville Montessori Junior School's Board of Management to address significant hazards and risks in the workplace, to assess the risks to safety, health and welfare and to control these risks as far as is reasonably practicable.

The Board is committed to the ongoing identification of hazards, the assessment of the appropriate risks and the introduction of controls to deal with them. In addition, staff are involved and participate in safety, health and welfare issues within the school and are encouraged to identify and report any potential hazards that may exist and to ensure that a risk assessment is carried out.

This revised Risk Assessment includes all relevant updates and necessary control measures to minimise the risk of staff and others being exposed to Covid-19 and these will be incorporated into the Safety Statement for Mount Anville Montessori Junior School in line with requirements of section 20 of the 2005 Act.

It is envisaged that additional reviews will be undertaken on a regular basis and in line with Government and public health advice to ensure that all information remains accurate, that controls are appropriate and where necessary risks are reassessed.

A **hazard** is anything with the potential to cause harm to the safety, health or welfare of staff, students, visitors and contractors – a wet or slippery floor, an unguarded machine, stressful work, a blocked entrance, hazardous chemicals etc. Hazards may be classified as physical, chemical, biological, environmental or human.

A **risk** is the likelihood that someone will be harmed by a hazard and the severity of that harm.

Control measures

A control measure is an applied measure that reduces the level of risk. Control measures can be applied at the planning stage, can comprise physical measures, can be management issues and can include training. Good control measures will require a combination of some or all of these.

Control measure principles

Schedule 3 of the Safety, Health and Welfare at Work Act 2005 lists the Principles of Prevention and the Board of Management undertakes to apply these principles (where practicable) in dealing with all risks within the school:

- Avoidance of risks
- Evaluation of unavoidable risks
- Combating of risks at source
- Adaptation of work to the individual
- Adaptation of workplace to technical progress
- Replacement of dangerous articles, substances or systems of work by safe or less dangerous articles, substances or systems of work
- Priority to collective protective measures over individual protective measures
- Development of an adequate prevention policy which takes account of technology, organisation of work, working conditions, social factors and the influence of factors relating to the working environment
- Appropriate training and instructions to employees.

When the safety audit identifies hazards, it is necessary to evaluate and rank them so that they can be controlled in an orderly way. The risk of a hazard is a measure of the likelihood or probability of an accident coupled with the severity of the injury or loss. The risk potential of each hazard was assessed, both by the **severity** of the consequences and the **probability** of the event occurring.

Severity and Probability = Risk Rating

Severity

Severity Rating	Interpretation	Numerical Value
Fatality or Catastrophic	Single or multiple fatalities, widespread illness, large scale property or equipment damage	5
Major	Serious injury or illness, significant property or equipment damage	4
Moderate	Injury and damage to property	3
Minor	Minor injury or illness, minor property or equipment damage	2
Trivial	No significant injury or illness, no significant property or equipment damage	1

Probability/Likelihood

Probability Rating	Interpretation	Numerical Value
Inevitable	Likely to occur either immediately or in the short term	5
Very Likely	Could occur in time or if repeated enough	4
Likely	Likely to occur	3
Unlikely	Though unlikely, may occur over time	2
Rare	Unlikely to occur at all	1

Risk Rating

Numerical Value Severity x Probability	Descriptive risk rating	Interpretation
5	Emergency – Extremely serious If an incident were to occur, it would be likely that a permanent, debilitating injury or death would result	Risks are unacceptable and immediate action required justifying special maintenance. Activity should be halted and stopped until the hazard is eliminated or appropriate risk controls are put in place.
4	Severe and Serious If an incident were to occur, it would be likely that an injury requiring medical treatment would result.	Activity can proceed but substantial efforts should be made to reduce the risk. Risk reduction measures should be implemented urgently within a defined time period and it might be necessary to consider suspending or restricting the activity or to apply interim control measures until this has been completed.
2/3	Medium If an incident were to occur, there would be some chance that an injury requiring First Aid treatment would result	Activity can proceed but consideration should be given as to whether the risks can be lowered. Control measures must be monitored and reviewed as required to ensure they remain suitable and sufficient.
1	Trivial or Negligible If an incident were to occur, there would be little likelihood that an injury would result	No additional controls are necessary as these risks are considered acceptable. Activity should be regularly reviewed to ensure there is no change to the risk rating and that controls are maintained.

Who may be affected?	Identified Risks	Risk Communication, Education and Training		Risk Rating with controls	Action implementation
		Controls			
Staff	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk of complications (https://www2.hse.ie/conditions/coronavirus/people-at-higher-risk.html)</p>	<p>The Board of Management will develop a response plan for the prevention and mitigation of Covid-19 following a risk assessment of the school facility. This plan will highlight the measures necessary to protect the health and safety of staff in re-opening and modifying the work arrangements within the school.</p> <p>The staff representative(s) will consult with staff and MAMJS Management when developing and implementing the action plan for the prevention and mitigation of Covid-19 within the school and all staff will be informed about the measures being introduced, using specific risk communication and staff engagement approaches.</p> <p>The Board of Management will:</p> <ul style="list-style-type: none"> ✓ Ensure that all staff receive necessary training prior to returning to work ✓ Provide posters, information and electronic message boards to increase awareness of Covid-19 among staff and pupils ✓ Promote safe individual practices within the school campus ✓ Engage with staff in providing feedback on the preventive measures and their effectiveness ✓ Provide regular information about the risk of Covid-19 using official sources, such as government agencies (HSE, HSA, etc.) and the World Health Organisation ✓ Emphasise the effectiveness of adopting protective measures especially good personal hygiene ✓ Provide specific training in the proper use of PPE for staff, where required 		Negligible	Board of Management Principal Staff

		Controls		
All staff Pupils Visitors Contractors Public	Spread of Covid-19 virus Persons currently deemed most at risk	The Board of Management will ensure that: <ul style="list-style-type: none"> ✓ Appropriate signage in line with public health guidelines will be displayed throughout school facility (buildings and grounds). ✓ Appropriate social distancing markings are in place ✓ Necessary PPE is available to staff ✓ Standard cleaning and maintenance regimes are put in place and detailed records retained ✓ Toilet facilities are cleaned regularly ✓ All drinking water facilities will be shut down ✓ Equipment sharing is minimized. Staff are encouraged not to share equipment ✓ There is regular cleaning of frequently touched surfaces and that staff are provided with essential cleaning materials to keep their own work areas clean (for example wipes/disinfection products, paper towels and waste bins/bags) ✓ All school equipment is sanitised – cleaning programmes to be devised to ensure that shared equipment is cleaned and disinfected between use by different people ✓ Covid compliant work areas to be available where social distancing guidelines can be applied ✓ There is staggered use of staffroom/kitchen or other communal facilities. MAMJS have created a temporary 2nd staffroom for staff members ✓ Bins are provided for disposal of waste materials (tissues, paper towels, wipes, etc.) and that adequate waste collection arrangements to be put in place to ensure they do not overflow ✓ All waste collection points are emptied regularly throughout and at the end of each day. ✓ Staff use gloves when removing rubbish bags or handling and disposing of any Rubbish and they wash hands with soap and water for at least 20 seconds afterwards 	Requires monitoring	Board of Management Principal Cleaning maintenance Staff Visitors

Who may be affected?	Identified Risks	Social Distancing		Action implementation
			Controls	
<p>All staff Pupils Visitors Contractors Public</p>	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk</p>	<p>Physical distancing is currently a key control measure in reducing the spread of infection. The Board of Management will ensure that:</p> <ul style="list-style-type: none"> ✓ all persons will adhere to relevant social distancing rules in relation to entering the school, use of welfare facilities and while working in the school ✓ physical spacing (3rd to 6th class and all adults) for work stations and common spaces, such as entrances/exits, lifts, kitchen areas, staffroom, stairs, where congregation or queuing of staff, or students of visitors might occur ✓ Break times will be relocated to individual class bubble spaces and school supervision procedures must be strictly adhered to ✓ Appropriate signage in line with public health guidelines will be displayed throughout school facility (buildings and grounds) ✓ Appropriate social distancing arrangements will be in place throughout the facility ✓ Meetings of staff will take place using teleconferencing facilities or in a large room with physical distancing ✓ There is currently a strict no handshaking policy in place within the school ✓ All staff, contractors and visitors should avoid direct physical contact with any other persons as far as possible <p>Where physical distance cannot be maintained (DES guidelines)</p> <p>Requirements for personnel (adult) working within 2 metres of each other (where activity cannot be suspended):</p> <ul style="list-style-type: none"> ✓ No worker has symptoms of Covid-19 ✓ The close contact work cannot be avoided ✓ Adults to wear face coverings throughout MAMJS <ul style="list-style-type: none"> ✓ Installation of physical barriers e.g. clear plastic sneeze guards at the Welcome Office and Administration Office ✓ advise staff and pupils that have symptoms not to attend school, to phone their doctor and to follow HSE guidance on self-isolation ✓ advise staff and pupils not to attend school if they have been identified by the HSE as a contact for person with COVID-19 and to follow the HSE advice on restriction of movement ✓ advise staff and pupils that develop symptoms at school to bring this to the attention of the Principal promptly ✓ ensure that staff and pupils know the protocol for managing a suspected case of COVID-19 in school ✓ PPE is present in line with the approved risk assessment (thermometer, face coverings, gloves, etc) and public health advice ✓ Prior to donning appropriate PPE, staff will wash/sanitise their hands thoroughly 	<p>Requires monitoring</p> <p>Serious</p>	<p>Board of Management Principal Staff Visitors</p>

Who may be affected?	Identified Risks	Cleaning	Risk Rating with controls	Action implementation
		Controls		
Staff especially cleaning staff	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk</p>	<p>All cleaning will be undertaken in line with DES and public health guidance.</p> <ul style="list-style-type: none"> ✓ Staff are responsible for cleaning personal items that have been brought to work and items handled at work or during breaks. Staff advised to clean personal items that they bring to work (e.g. mobile phones) and to avoid leaving them down on communal surfaces or they will need to clean the surface after the personal item is removed ✓ Cleaning staff will be trained in the new cleaning arrangements for the school ✓ Sufficient cleaning materials and PPE will be available to allow for increased cleaning ✓ Cleaning staff will be instructed regarding PPE resources when cleaning and are aware of the need to wash their hands thoroughly with soap and water, both before and after wearing gloves ✓ System in place for the disposal of cleaning cloths and used wipes in a rubbish bag Current HSE guidance recommends waste such as cleaning waste, tissues etc. from a person suspected of having Covid-19 should be double bagged and stored in a secure area for 72 hours before being presented for general waste collection ✓ System in place to make sure reusable cleaning equipment including mop heads and non-disposable cloths are clean before re-use ✓ System in place to ensure that equipment such as buckets are emptied and cleaned with a fresh solution of disinfectant before re-use ✓ New foot-pedal bin system in all rooms: yellow for tissues and bodily fluid waste and black for all other waste. 	Requires monitoring	Board of Management Principal Staff

Who may be affected?	Identified Risks	Office and Administration Areas		
		Controls	Risk Rating with controls	
Staff	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk</p>	<ul style="list-style-type: none"> Office capacity to be limited to facilitate the maintenance of physical distancing between designated workstations and staff The number of employees permitted to work in an office at any particular time shall be limited as a necessary control measure to protect health and safety. At the 'hatch' at the Welcome Office and Administration Office, there will be a Perspex screen All visitors and parents/guardians must phone in advance to make an appointment Only MAMJS staff members and students can proceed past the school gate which is operated by the Welcome Office and Administration Office. All visitors to the school will fill out our 'Covid-19 Log Book' for contact tracing purposes. 	Requires monitoring	<p>Board of Management</p> <p>Principal</p> <p>Administration staff</p>

Who may be affected?	Identified Risks	Use of PPE Controls	Risk Rating with controls	Action implementation
Staff	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk</p>	<p>The correct use of Personal Protective Equipment (PPE) such as face coverings/visors or clear plastic barriers or Perspex screens etc. may be required in some circumstances to address identified risks of spread of the virus.</p> <p>Where PPE is required by staff, they will be notified accordingly and be provided with the necessary PPE and provided with training and information in the proper use, cleaning, storage and disposal of PPE.</p> <p>PPE needs to be consistently and properly worn when required. In addition, it must be regularly inspected, cleaned, maintained and replaced as necessary.</p> <p>Current general guidance from the HSE in relation to the wearing of face coverings, masks and gloves is available at the following Link: https://www2.hse.ie/conditions/coronavirus/face-masks-disposable-gloves.html</p> <p>PPE equipment will be made available to all staff members</p> <p>Hand sanitisers are placed at all classrooms and in all communal spaces</p> <p>*Face coverings are not recommended to be worn by children under 13 years.</p>	Requires monitoring	Board of Management Principal Staff

Who may be affected?	Identified Risks	Handling Books And Other Resources During Covid-19	Risk Rating with controls	Action implementation
		Controls		
MAMJS staff and students	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk</p>	<p>The Board of Management has to prepare for the return of school books (book rental scheme) and other resource materials (including IT equipment) so that these will be available to pupils for the start of the new school year. The following guidelines are recommended for staff when receiving or assisting in compiling resource packs:</p> <ul style="list-style-type: none"> • Maintain physical distancing (3rd to 6th class and the teacher from the class unless wearing a face covering • Observe good hygiene (hand washing and respiratory etiquette, do not touch your eyes, nose, mouth with unwashed hands, etc.) before and after handling books and other materials returned to the school • Follow the agreed school protocols if you are displaying symptoms of Covid-19 • Any books or other items (resource packs, computers, etc.) being returned to the school should be quarantined for 72 hours. Quarantining means placing these items in sealed boxes that are labelled with the time and date of the start of the 72-hour quarantine period. These boxes should be stored in a separate location away from active work areas within the school • Following the expiry of the 72-hour quarantine period the items may be unboxed, cleaned and prepared for use. • Hands should be washed in line with relevant guidance 	Requires monitoring	Board of Management Principal Staff

Who may be affected?	Identified Risks	Using Hand Tools Or Equipment		Risk Rating with controls	Action implementation
		Controls			
All staff	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk</p>	<ul style="list-style-type: none"> ✓ Staff must wear the appropriate PPE for the nature of the work that they are undertaking ✓ All tools and equipment must be properly sanitised to prevent cross contamination ✓ Arrangements should be put in place for one individual to use the same tool, equipment and machinery as far as is reasonably practicable ✓ Cleaning material will be available so that all tools can be wiped down with disinfectant between each use ✓ All mobile machinery (e.g. laminator) must be thoroughly cleaned and santised prior to use 		Requires monitoring	<p>Board of Management</p> <p>Principal</p> <p>Staff</p>

Who may be affected?	Identified Risks	Dealing with a suspected case of Covid-19		Risk Rating with controls	Action implementation
		Controls			
Staff Pupils Visitors Contractors	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk of complications if they catch the coronavirus are:</p> <ul style="list-style-type: none"> • 60 years of age and over • have long-term medical conditions – i.e. heart disease, lung disease, high blood pressure, diabetes or cancer • pregnant women <p>Known effects of the coronavirus:</p> <ul style="list-style-type: none"> • A fever (high temperature of 37.5 degrees Celsius or above) • A cough - this can be any kind of cough, not just a dry cough • Shortness of breath or breathing difficulties • Loss of sense of smell • Loss of sense of taste or distortion of sense of taste • Death 	<p>The Board of Management will:</p> <ul style="list-style-type: none"> ✓ Appoint an appropriate person for dealing with suspected cases (Elizabeth Kavanagh, Julie Clifton and for the Montessori students, their classroom assistant may stay with the student to support familiarity) ✓ Have a designated isolation area available within the school building (Old Development Office and additional rooms designated are the two music rooms as back-up). The designated area and the route to the designated area is easily accessible. The designated room is away from the main corridors and have a route to exit the school away from the main thoroughfare. <p>If a person displays symptoms of Covid-19 the following procedure is to be implemented:</p> <ul style="list-style-type: none"> ✓ Isolate the person and follow the MAMJS procedure in place to accompany the individual to the designated isolation area via the isolation route, keeping at least 2 metres away from the symptomatic person and also making sure that others maintain a distance of at least 2 metres from the symptomatic person at all times. ✓ Provide a mask for the person presenting with symptoms if one is available. He/she should wear the mask if in a common area with other people or while exiting the premises. ✓ Assess whether the individual who is displaying symptoms can immediately be directed to go home and call their doctor and continue self-isolation at home. ✓ Facilitate the person presenting with symptoms remaining in isolation if they cannot immediately go home and facilitate them calling their doctor. The individual should avoid touching people, surfaces and objects. Advice should be given to the person presenting with symptoms to cover their mouth and nose with the disposable tissue provided when they cough or sneeze and put the tissue in the waste bag provided 	<p>Requires monitoring</p>	<p>Board of Management Principal Staff</p>	

Who may be affected?	Identified Risks	Dealing with a suspected case of Covid-19 (continued)		
		Controls	Risk Rating with controls	
Staff Pupils Visitors Contractors	Spread of Covid-19 virus Persons currently deemed most at risk	<ul style="list-style-type: none"> ✓ If the person is well enough to go home, arrange for them to be transported home by a family member, as soon as possible and advise them to inform their general practitioner by phone of their symptoms. Public transport of any kind should not be used ✓ If they are too unwell to go home or advice is required, contact 999 or 112 and inform them that the sick person is a Covid-19 suspect. ✓ Carry out an assessment of the incident which will form part of determining follow-up actions and recovery. ✓ Arrange for appropriate cleaning of the isolation area and work areas involved. 	Requires monitoring	Board of Management Principal Staff

Who may be affected?	Identified Risks	Covid-19 cleaning		
		Controls	Risk Rating with controls	
Staff Pupils Visitors	Spread of Covid-19 virus Persons currently deemed most at risk	<p>All cleaning will be undertaken in line with DES and public health guidance.</p> <ul style="list-style-type: none"> ✓ It is recommended cleaning an area with normal household disinfectant after a suspected coronavirus (Covid-19) case. This will reduce the risk of passing the infection on to other people ✓ For cleaning purposes, wear a face mask, disposable or washing up gloves. These should be double-bagged, then stored securely for 72 hours and then put with the regular rubbish after cleaning is finished should be double-bagged, ✓ Using a disposable cloth, first clean hard surfaces with warm soapy water. Then disinfect these surfaces with the cleaning products you normally use. Pay particular attention to frequently touched areas and surfaces, such as toilets, banisters on stairwells and door handles ✓ If an area has been heavily contaminated, such as with visible bodily fluids, from a person with coronavirus (Covid-19) consider using protection for the eyes, mouth and nose, as well as wearing gloves and apron ✓ Wash hands regularly with soap and water for 20 seconds and after removing gloves, aprons and other protection used while cleaning ✓ Public areas where a symptomatic individual has passed through and spent minimal time, such as corridors, but which are not visibly contaminated with body fluids can be cleaned as normal ✓ All surfaces that the symptomatic person has come into contact with must be cleaned and disinfected, including objects which are visibly contaminated with body fluids 	<p>Serious</p> <p>Requires monitoring</p>	<p>Board of Management Principal Cleaning staff</p>

Who may be affected?	Identified Risks	Cleaning a space with a suspected/confirmed case of Covid-19		
		Controls	Risk Rating with controls	
Staff Pupils Visitors	Spread of Covid-19 virus Persons currently deemed most at risk	<p>All cleaning will be undertaken in line with DES and public health guidance.</p> <p>Use disposable cloths or paper roll and disposable mop heads to clean all hard surfaces, floors, chairs, door handles and sanitary fittings, using an approved and recognised detergent and disinfectant in line with the manufacturer's instructions for dilution, application and contact times</p> <p>Disinfectants used should be effective against viruses.</p> <p>Additionally:</p> <p>Avoid creating splashes and spray when cleaning.</p> <p>Any cloths and mop heads used must be disposed of and should be put into waste bags as outlined below.</p> <p>When items cannot be cleaned using detergents or laundered (upholstered furniture or mattresses for example) steam cleaning should be used</p> <p>Any items that have been heavily contaminated with bodyfluids and that cannot be cleaned by washing should be disposed of</p>	Serious Requires monitoring	Board of Management Principal Cleaning staff

Who may be affected?	Identified Risks	<p style="text-align: center;">Cleaning a space with a suspected/confirmed case of Covid-19 (continued)</p> <p>Controls</p>	Risk Rating with controls	Action implementation
<p>Staff Pupils Visitors</p>	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk</p>	<p>Laundry</p> <ul style="list-style-type: none"> ✓ Wash items in accordance with the manufacturer’s instructions. Use the warmest water setting and dry items completely. Dirty laundry that has been in contact with an unwell person can be washed with other people’s items. Do not shake dirty laundry as this minimises the possibility of dispersing the virus through the air ✓ Clean and disinfect anything used for transporting laundry with your usual products, in line with the cleaning guidance outlined above <p>Waste Management</p> <ul style="list-style-type: none"> ✓ Waste should be put in a plastic rubbish bag and tied when full ✓ The plastic bag should then be placed in a second bin bag and tied ✓ It should be put in a suitable and secure place and marked for storage until the individual’s test results are known ✓ All waste should be stored safely and kept away from children. You should not put waste in communal waste areas until negative test results are known or the waste has been stored for at least 72 hours ✓ If the individual tests negative, the waste can be put in with the normal waste. If the individual tests positive, then store it for at least 72 hours and put in with the normal waste 	<p>Serious</p> <p>Requires monitoring</p>	<p>Board of Management Principal Cleaning staff</p>
