Welcome to Day 5 of Maths Week 2020

Here are the solutions to yesterday's Maths challenges. We hope you involved all your family in the problem solving ☺

Thursday Challenge 1 Solution: I am the number 14!

Thursday Challenge 2 Solution: Ashley is 22. Her mother is 22 years older, so when Ashley is 22, she's now half her mother's age.

Thursday Challenge 3 Solution: You need to reach into the drawer three times. On the third time, you'll get either a white or a blue sock to match with one of the other two you've already grabbed.

Friday's Maths Challenge 1:

I am a 2D shape. I have 4 sides and 4 corners.
Two of my sides are long and they match.
Two of my sides are shorter and they match too.

Friday's Maths Challenge 2:

Using only addition, how can you add eight number 8s together to reach 1,000?

Friday's Maths Challenge 3:

Put a different number; 1, 2, 3, 4, 5, 6 or 7 in each circle, so that each straight line of numbers adds up to the same total. You must use each number once.

Congratulations Team MAMJS ☺

You have successfully taken part in the first 'MAMJS Virtual Maths Week'!
