

MAMJS Maths Week 2023

16th – 20th October 2023

Maths Week Daily Bulletin

Day 3 – Wednesday, 18th October

Here are the **solutions** from yesterday's daily 'Maths Week' challenges:

Challenge 1 solution: 1. Green bear. 2. Yellow bear. 3. Yellow bear. 4. Green bear.

Challenge 2 solution: Leon has three tanks and four turtles.

Challenge 3 solution: Tom is 12 years old now. (In two years, he will be 14, which is twice what he was five years ago, when he was 7 years old)

Challenge 1

I am a two-digit number. I am more than 40 and less than 43. I am an even number. What number am I?

Challenge 2

How can you make the number 45, using only the digit 4?

Challenge 3

Can you write the numbers 1, 2, 3, 4, 5 and 6 in the circles on the triangle below, so that all sides of the triangle equal to 12?

Can you complete this task again, in a different order, to see if you can get all three sides to equal the same number (other than 12)?
